Prot. 0009240

Rome 28/07/2011

Dear Sirs,

the Italian Minister of Education, University and Research intends to submit a proposal for the 'Call EAC/01/2011 - European Policy Network on the education of children and young people with a migrant background', and to develop and coordinate the project in case of an acceptance by the European Commission.

We would like to create a solid and motivated network of Ministries of education, public bodies, research centres and universities, foundations and associations and, for this reason, we are kindly asking for your cooperation in above mentioned call both as a partner and/or as the best institution capable of suggesting us the most suitable institutions in your country.

The first year activity will be focused on:

- establishing the roles and responsibilities of the network,
- identifying a number of national priority policies which can profit by the established European policy co-operation,
- producing tools for the try out and dissemination phase

Here attached you will find an abstract of the Call EAC/01/2011, besides we inform you that all the relevant documents can be found at the following address:

[http://ec.europa.eu/education/calls/doc2976\\_en.htm](http://ec.europa.eu/education/calls/doc2976_en.htm)

We thank you in advance for your feedback, and we would be grateful if you can reply to this letter by mail within August 22/08/2011 to be able to manage all the activities and actions connected with the presentation of the final proposal

Yours sincerely

Signed Marcello Limina  
Director General
