COST ACTION STRATEGY AND WORK AND BUDGET PLAN

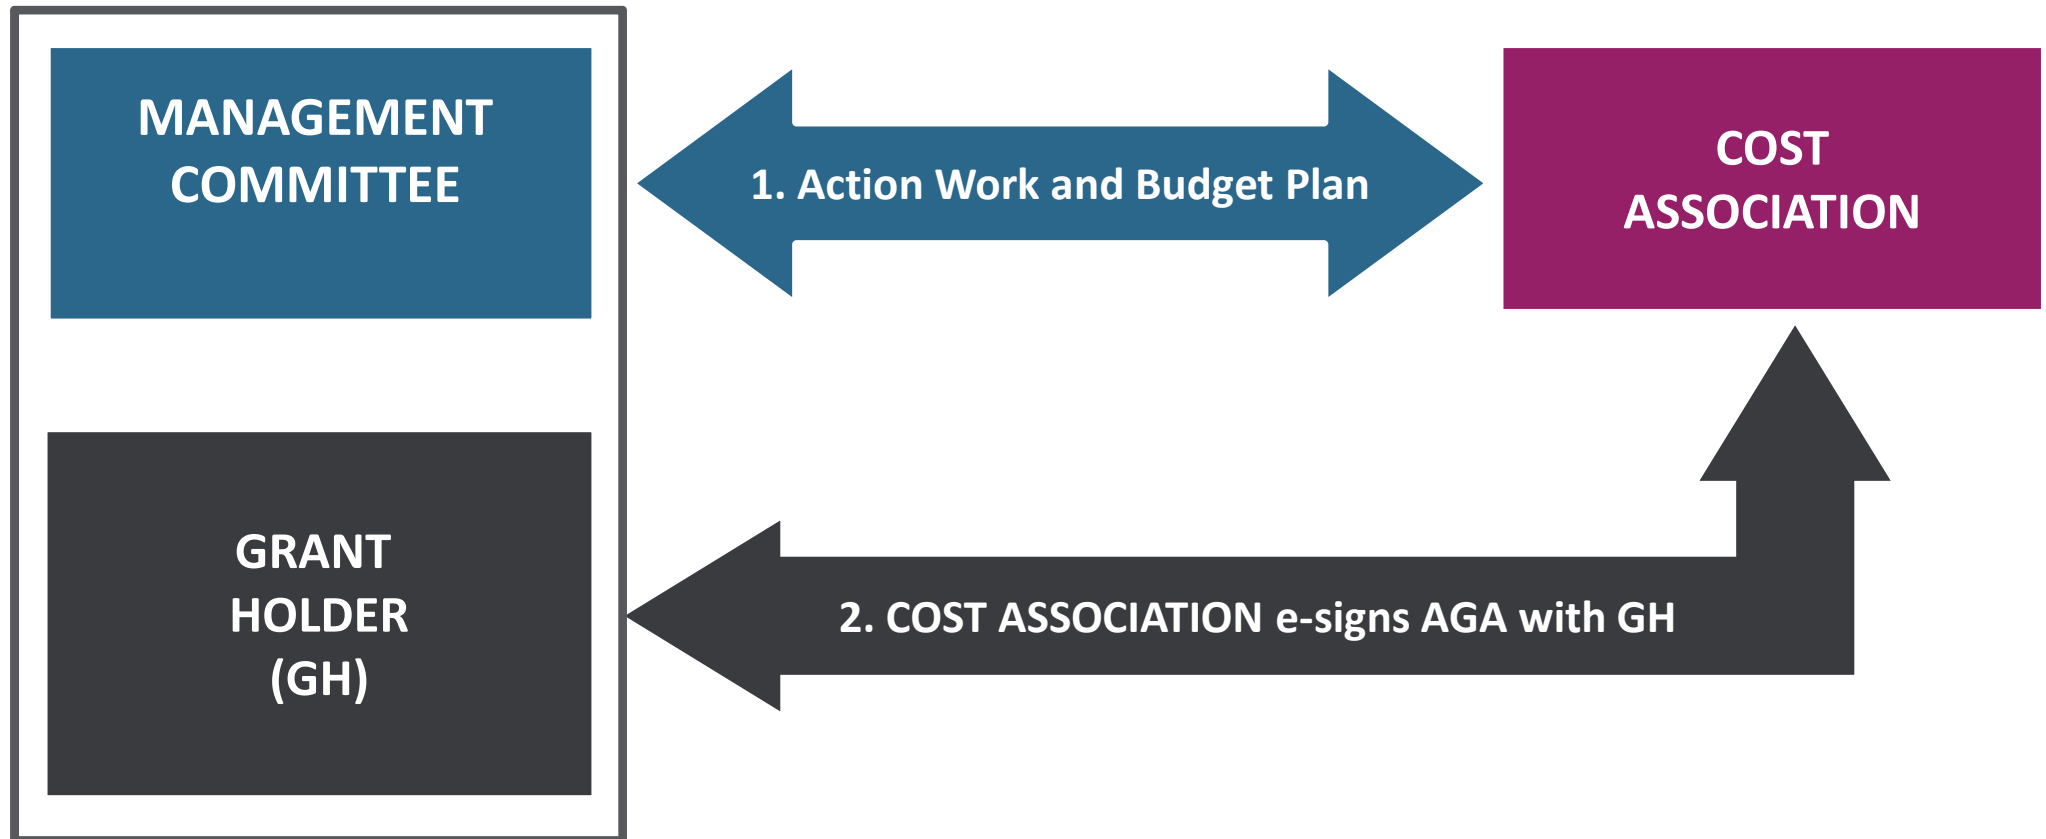

COST Action strategy

- The Memorandum of Understanding provides the Action's objectives, tasks, activities, milestones and deliverables over 4 years
- At the start of the Action and every year, the Management Committee will establish a yearly Work and Budget Plans with the assistance of the COST Association administration within the available budget frame
- A Grant Agreement is signed yearly between the COST Association and the Grant Holder institution (one of the participating institutions in the Action)

What is the Action Grant Agreement?

COST Actions are funded through an Action Grant Agreement (AGA) between the selected Grant Holder and the COST Association

What is the Work & Budget Plan?

- ❑ Based on the MoU objectives
- ❑ It is the document upon which the Action Grant Agreement is established
- ❑ It details the **COST Networking tools** to be used during the Grant Period in order to achieve the objectives including an estimate of the budget for each activity (following COST rules - Vademecum)
- ❑ **Needs to be approved by the MC and the COST Association**
- ❑ The budget level will primarily depend on the number of approved COST countries participating in the Action, based on current average (EUR 130.000) and subject to availability of funds

COST Grant System – key features

- Grant Holder institution elected at the first MC meeting
- Among the institutions represented at the MC
- GH signs a yearly Grant Agreement with the COST Association
- Receives the Grant in two instalments (65% after signature of the AGA and 35% after 6-8 month based on an intermediary report)
- GH administers the Grant according to the work and budget plan via eCOST/eCAMT
- Administration of activities
- Submits intermediate and yearly financial reports
- Administrative support (FSAC) to the GH: up to 15% of the yearly expenses
- Average Grant: EUR 130000
- More: see Vademecum www.cost.eu/participate/networking

How to estimate your Budget?

COST Networking Tools	
(1) MEETINGS	- €
(2) TRAINING SCHOOLS	- €
(3) SHORT-TERM SCIENTIFIC MISSIONS	- €
(4) DISSEMINATION, PUBLICATIONS	- €
(5) OERSA	- €
B - TOTAL SCIENCE EXPENDITURE (sum of (1) to (5))	- €
C - FSAC (max. of 15% of B.)	- €
TOTAL EXPENDITURE (B+C)	- €

How to estimate your Budget?

Budget Item	Average Amount (€)	Average Duration (days)
Meetings (average 42 participants)		
Reimbursement of Meeting Participant	701	2
Local Organiser Support	1891	2
Training Schools (average 29 participants)		
Trainee Grant	645	5

How to estimate your Budget?

Science Expenditure vs FSAC

Budget for the Grant Period = 100.000 €

% FSAC agreed by the MC = 15% (max)

Science Expenditure = $100.000 / 1,15 = 86\,956,52\text{€}$

FSAC amount = $86\,956,52\text{€} \times 0,15 = 13\,043,48\text{€}$

MPNS COST Action MP1401

Advanced fibre laser and coherent source as tools for society, manufacturing and lifescience

Descriptions are provided by the Actions directly via e-COST.

Among the different types of Lasers, fibre lasers are, both as research and commercially, the youngest, yet the fast growing type of laser due to several factors. This Action will be the first arena where experts in fundamental material science, established laser and component groups, fibre laser manufacturers and end-users will be able to actively interact, share know-how and focus on common goals. We do expect to boost a series of innovations in the field. Among them we aim to cover the 3-6 micron wavelength interval, and beyond, to support mid-infrared applications and to enhance fibre performance to cover more efficiently visible and ultra-violet wavelength generation for biophotonics and healthcare. The Action will also investigate glass material and fibre design to overcome the actual limitation in output power. The improvements will mainly boost healthcare to benefit wide society and EU manufacturing to retain and increase manufacturing workforce within EU. The Action will mentor a new generation of researchers by providing Early Stage Researchers an opportunity to develop both scientific and management skills. At the same time the Action will actively promote gender balance and women researchers to management positions.

3 Implementation

3.1 Description of the Work Plan

■ 3.1.1 Description of Working Groups

Provide a detailed description of the different Working Groups. For each WG provide objectives, tasks, activities, milestones and list of major deliverables

■ 3.1.2 GANTT Chart

Provide a graphical illustration of a schedule offering the project management overview of the different WGs, tasks, activities, and deliverables of your proposal

■ 3.1.3 PERT - Program (Project) Evaluation and Review Technique (optional)

Provide a graphical representation of the different WGs showing their inter-relation. If needed, the same can be provide to show the inter-relation among the different tasks within each WG

■ 3.1.4 Risk and Contingency Plans

Identify the main risks related to the Work Plan and present a credible contingency plan.

3 Implementation

3.2 Management Structures and Procedures

Describe the Action organisation in terms of management structure that would help the Action meet the proposed challenge. It is required that the proposed Action organisation and management structure respect COST rules

More detailed information at:

COST Implementation Rules - B.2 COST Action Management, Monitoring and Final Assessment (134/14)

<http://www.cost.eu/participate>

3 Implementation

3.3 Network as a whole

Describe how well the features of your Network of Proposers can achieve the objectives of the proposed COST Action. Make a case for the critical mass, expertise and geographical distribution needed for addressing the challenge and the objectives

If your Network misses any of these features, present a clear plan for overcoming the identified gaps. Note that COST Policies should not be addressed here

If you plan to include International Partner Countries (IPCs) or Near Neighbour Countries (NNCs) institutions in your proposal, give a brief description of the mutual benefits deriving from their participation

More detailed information concerning IPCs and NNCs at:

COST Implementation Rules - B.3 COST International Cooperation and Specific Organisation Participation (135/14)

<http://www.cost.eu/participate>

LAST RECOMMENDATIONS

- Strong competition: be ambitious
- Start: start early – a proposal needs time and evolution
- Become acquainted with the **COST Open Call: Submission, Evaluation, Selection and Approval (SESA) guidelines** (in preparation)
- Have a clear view over the Action structure and 4 year strategy (WG)
- Present a clear strategy on the integration of researchers from inclusiveness countries (ex: Grant Holder, STSM,...)
- If you have the chance, have a **native speaker check the English**
- BUT - Perfect English is not necessary, it is the **clarity + consistency** which counts and increases your chances
