CHAIRMANSHIP 2018/19

Global

The ambition of EUREKA is to be a Global Network to enable international business-led collaboration on research and innovation. In order to meet this ambition, we will:

- Have a strategic and structured approach to increasing the global reach of EUREKA and the countries involved;
- Review and reform the governance of EUREKA and our programmes to reflect a truly global framework;
- Facilitate partnerships across the globe with a view to enhancing the competitiveness of EUREKA participating countries;
- Support businesses in EUREKA participating countries to build international networks and collaborations to ensure they are competitive;
- Work in partnership with the European Commission to enhance Europe's competitive advantage through global collaboration.

Identifying Countries to collaborate with...

In identifying countries, important to consider that innovation collaborations with a country:

- can deliver potential economic benefits to both the EUREKA participating countries and the partner country;
- are realistically achievable (i.e. there are favourable political and economic conditions, and national funding agencies or companies can be identified that EUREKA can work with to deliver bilateral and multilateral collaborations).

Priority Countries

Priority countries in the next 3 years

- Japan
- Singapore
- Australia
- Brazil
- China
- Argentina
- Mexico
- Taiwan
- USA
- India

Initial Discussions with new countries

- Discussions with Singapore, Japan and Australia already underway.
- Hope to progress these discussions under the UK and Chair and with the Netherlands Chair.
- Czech Republic highlighted as of interest by Japan.

Next steps

- Prioritise countries for Oxford Meeting in March 2019.
- Consider EUREKA governance enables easy global collaboration.
- Support businesses in EUREKA participating countries to build international networks and collaborations to ensure they are competitive
- Organise the EUREKA Global Innovation Summit
