## Call description

- Within the cooperation practices existing between Czech Republic and Spain in the fields of industrial and technological research and development in the framework of the EUREKA programme, in which both countries are active members, participants from both countries are invited to submit joint project proposals.

**This call invites projects in ALL EUREKA thematic areas or application domains**

## Special focus

- The Ministry of Education, Youth and Sports in the Czech Republic (MEYS) and the Centre for the Development of Industrial Technology, EPE (CDTI) in Spain are announcing this call for Proposals for joint R&D projects, focusing on developing innovative products and applications in all technological and market areas. Applicants are expected to develop ready to market solutions or projects which have strong market potential for Czech Republic and Spain.

## National Authorities

- MEYS is the National Funding Authority for international cooperation in R&D&I between companies, universities, research institutes and others. Its funding support is open to all EUREKA technological fields (bottom-up approach). Project evaluation is done under the 7th National Call INTER-EUREKA which is conducted at national level.
- CDTI is the Spanish National Authority responsible for fostering the technological development and innovation of Spanish companies.
- Both MEYS and CDTI will provide all necessary assistance to project partners during project proposal preparation and submission, evaluation and monitoring phase. In addition, both parties will facilitate Eureka application process and acquisition of the Eureka label for accepted proposals.
- These organizations will also provide access to public funding for the joint projects. The support will be given to each partner by its own Authorities in accordance with the national laws, rules, regulations and procedures in effect, on a non-exchange of funds basis, and subject to budgetary availability in each country.
